Subject: Requirement to Post Reclamation Surety or Complete Reclamation,
Mike Caruso, ML 26996, S0250027, Kane County, Utah

Dear Operator:

This letter is in response to your letter dated March 6, 2007 and a phone conversation of March 9, 2007. The Division understands that you now intend on closing the site rather than posting a reclamation surety. You are hereby allowed 60 days or until May 11, 2007 to complete the reclamation of the disturbance associated with permit S250027 (ML26996). If you fail to complete the reclamation within that timeframe, you may be subject to enforcement action.

At your request, I have enclosed a map, which identifies the area in ML26996 that you are responsible for reclaiming. Please notify us when you are close to completing the reclamation so that we can conduct an inspection of the site and verify that the work has been done as required. If you have any questions about this site, please call Tom Munson at (801) 538-5321.

Also, we would like to remind you that your permit fees have not been paid on this permit for the past two years. A payment of \$300 is now past due. We would appreciate your prompt attention in bringing your fees current.

If you have any questions, please call me at (801) 538-5325.

Sincerely,

Daron R. Haddock
Permit Supervisor
